As part of a representative team, players will also be expected to perform some strength and conditioning sessions in their own time. These individual sessions are designed to make players fitter, faster and more agile than they would normally be by simply playing matches. Detailed instructions on self-training routines will be given to the players at the first training session.

Family support is encouraged.

Friends and family are advised to make their own arrangements for travel and accommodation.

A draw will be made available closer to the competition.

Players Code of Fair Play

Play by the rules.

Never argue with a referee or assistant referee. If you disagree, have your captain, coach or manager approach the official on your behalf.

Control your temper. Verbal abuse of officials and sledging other players, deliberately distracting or provoking an opponent are not acceptable or permitted behaviour in soccer.

Be a good sport; recognise all good plays whether they are part of your team or the opposition.

Treat all participants in soccer as you like to be treated. Do not bully or take unfair advantage of other competitors.

Cooperate with your coach, team-mates, opponents and officials. Without them there would be no game.

Participate for your own enjoyment and benefit, not just to please parents and coaches.

Respect the rights, dignity and worth of all participants regardless of their gender, ability, cultural background or religion.

Note: players must at all times be with their Coach or Managers. Players are not to be left unsupervised in accommodation at any time. If a player wants to leave the site they must receive permission from their coach or Manager and be signed out, indicating who they are with.

Representative Players, Coaches & Managers Transfer

Any player selected to play in a representative squad will endeavour to remain with the club that they were selected from for the following season. If there are issues preventing this from occurring the player will inform their club and give them adequate time to attempt to address these issues. If an arrangement can still not be reached then the player may leave the club to join another association team with written approval stating that the player does not owe any money or have an outstanding suspension to serve.

There should also be communication between the secretaries of the two clubs so that both are informed of the circumstances surrounding the switch.

Any coach or manager appointed to a representative team will make no attempt to recruit, encourage or persuade the players in their representative team to join their association club.
